Citrix Citrix WANScaler 4.2: Administration Exam

Practice Exam: 1Y0-740

Exam Number/Code: 1Y0-740

Exam Name: Citrix WANScaler 4.2: Administration Exam

Questions and Answers: 106 Q&As

Exam Description

Order : [1Y0-740 Exam](#)

1. Exam4Test offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 1Y0-740 Exam.

Exam4Test **Practice Exams** for 1Y0-740 are written to the highest standards of technical accuracy, provided by our certified subject matter experts and published authors for development.

3. 100% Guarantee to Pass Your **Citrix Other Certification** exam and get your *Citrix Other Certification Certification*

We guarantee your success in the first attempt. If you do not pass the **Citrix Other Certification** "1Y0-740" (Citrix WANScaler 4.2: Administration Exam on your first attempt, send us the official result. We will give you a FULLY REFUND of your purchasing fee and send you another same value product for free.

4. Exam4Test Citrix Other Certification 1Y0-740 Exam Downloadable.

Our PDF or Testing Engine Preparation Material of Citrix Other Certification 1Y0-740 exam provides everything which you need to pass your exam. The Citrix Other Certification Certification details are researched and produced by our Professional Certification Experts who are constantly using industry experience to produce precise, and logical. You may get "1Y0-740 exam" questions from different websites or books, but logic is the key. Our Product will help you not only pass in the first Citrix WANScaler 4.2: Administration Exam(Citrix Other Certification) exam try, but also save your valuable time.

Comprehensive questions with complete details about 1Y0-740 exam.

1Y0-740 exam questions accompanied by exhibits. Verified Answers Researched by Industry Experts and almost 100% correct.

Drag and Drop questions as experienced in the Real Citrix Other Certification exam. 1Y0-740 exam questions updated on regular basis.

Like actual Citrix Other Certification Certification exams, 1Y0-740 exam preparation is in multiple-choice questions (MCQs). Tested by many real Citrix Other Certification exams before publishing.

Try free Citrix Other Certification exam demo before you decide to buy it in <http://www.Exam4Test.com>

High quality and Valued for the 1Y0-740 Exam: 100% Guarantee to Pass Your 1Y0-740 exam and get your Citrix Other Certification Certification. Come to <http://www.Exam4Test.com> The easiest and quickest way to get your Citrix Other Certification Certification.

original topic. With our completed Citrix Other Certification resources, you will minimize your Citrix Other Certification cost and be ready to pass your 1Y0-740 test on Your First Try, 100% Money Back Guarantee included!

1Y0-740 Exam Study Guide

1Y0-740 exam is regarded as one of the most favourite [Citrix Other Certification Certifications](#). Many IT professionals prefer to add 1Y0-740 exam among their credentials. Exam4Test not only caters you all the information regarding the 1Y0-740 exam but also provides you the excellent 1Y0-740 study guide which makes the certification exam easy for you.

Exam4Test Engine Features

Comprehensive questions and answers about 1Y0-740 exam

1Y0-740 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

1Y0-740 exam questions updated on regular basis

Same type as the certification exams, 1Y0-740 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 1Y0-740 exam demo before you decide to buy it in Exam4Test.com

Exam4Test Help You Pass Any IT Exam

[Exam4Test.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Citrix 1Y0-740

Title : Citrix WANScaler 4.2: Administration Exam

1. In a high availability pair, configuration changes should be made using which IP address?

- A. Virtual IP address
- B. Subnet IP address
- C. WANScaler IP address
- D. Management IP address

Answer: A

2. Scenario: An administrator designing a WANScaler implementation would like the implementation to be set up based on the following considerations:

- 1.The data center supports multiple branch offices, of which only one has a WANScaler appliance.
- 2.The branch office WANScaler appliance should connect directly to the WAN router for the branch office.
- 3.The headquarters WANScaler appliance should connect directly to the WAN router for the headquarters.
- 4.All traffic from the branch office to servers at the headquarters should flow through the branch office WANScaler appliance.

Which WANScaler deployment topology should be used in this type of implementation?

- A. Star
- B. Token Ring
- C. Point-to-point
- D. Hub-and-spoke

Answer: C

3. Scenario: An administrator is implementing a WANScaler appliance in the branch office of a telemarketing environment. Most of the traffic in this environment is voice over IP based. However, the billing and collections team needs access to web servers in the corporate office. Users in this environment have complained that it takes too long

for them to access data in the morning, between 9:00 AM and 10:30 AM. Coincidentally, this is when most of the billing and collections employees begin their day.

Which traffic type could the administrator accelerate in this environment?

- A. FTP
- B. UDP
- C. HTTP
- D. Telnet

Answer: C

4. The _____ is where the set of rules that map accelerated subnets to appliances is created and the _____ is what examines the rules. (Choose the correct option to complete the sentence.)

- A. Client; Controller
- B. Client; Appliance
- C. Controller; Client
- D. Controller; Appliance

Answer: C

5. Scenario: An administrator is instructed to implement two WANScaler appliances in high availability mode for a virtual inline deployment. In this environment, the switches and routers are already connected. What is the minimum number of Ethernet cables required to set up the WANScaler appliances in a single LAN, single WAN deployment?

- A. 1
- B. 2
- C. 3
- D. 4

Answer: B

6. During the TCP handshake process, the Maximum Segment Size (MSS) of a packet is reduced in order to _____. (Choose the correct phrase to complete the sentence.)

- A. increase interactive performance
- B. compress the traffic across the WAN
- C. allow room in the packet header for custom WANScaler options
- D. indicate the existence of a WANScaler appliance to other WANScaler appliances across the WAN

Answer: C

7. An administrator is implementing a WANScaler appliance in WCCP mode in a single LAN, single WAN implementation. What is the minimum number of Ethernet cables required to set up the WANScaler appliance on the local LAN?

- A. 1
- B. 2
- C. 3
- D. 4

Answer: A

8. Scenario: An administrator is implementing a WANScaler appliance in an environment where the majority of the traffic types are candidates for acceleration. There is an undetermined amount of critical unaccelerated traffic that needs to be considered.

Which two options should the administrator implement to ensure that unaccelerated network traffic types are not suppressed in this environment? (Choose two.)

- A. Select hardboost.
- B. Select partial bandwidth.
- C. Fix the bandwidth limit to 50%.
- D. Set the initial bandwidth to 90%.

Answer: BD

9. An administrator implementing WANScaler appliances in an appliance only environment has been instructed by the IT Manager to not bring down the network while installing the WANScaler appliances. In which two deployment modes could the administrator implement the WANScaler appliances to meet the stated requirements? (Choose two.)

- A. Inline
- B. WCCP
- C. Redirector
- D. Virtual inline

Answer: BD

10. What should an administrator do to ensure that traffic is sent to the desired appliance when configuring WANScaler appliances in group mode?

- A. Turn one of the appliances off in the group mode.
- B. Assign the virtual IP address to the primary appliance.
- C. Create forwarding rules that use explicit IP addresses.
- D. Create a service class policy to manage the distribution of traffic.

Answer: C

11. Scenario: An administrator would like to implement five WANScaler appliances in an environment. Four of the appliances are deployed in the branch offices and one in the data center. Each office has a single circuit to the data center. All appliances will be implemented in inline mode. The administrator wants to leverage the automatic bandwidth allocation feature. The administrator has decided that WANScaler QoS will not be implemented in this environment.

Which physical WANScaler topology will be appropriate for this implementation?

- A. Mesh
- B. Full Mesh
- C. Point-to-point
- D. Hub-and-spoke

Answer: D

12. Which three operating parameters are defined in the TCP header of a packet and exchanged during the autoconfiguration process? (Choose three.)

- A. Bandwidth limits
- B. Acceleration mode
- C. Service class rules
- D. Compression mode
- E. Compression history

Answer: ABD

13. An administrator is implementing WANScaler appliances in an environment. The administrator has been instructed to configure WANScaler appliances to accelerate traffic. What are three types of traffic that can be accelerated by WANScaler appliances? (Choose three.)

- A. SIP
- B. FTP
- C. NFS
- D. CIFS
- E. TFTP

Answer: BCD

14. Which TCP variant would be appropriate in an environment where a site is connected to multiple WAN links, each of which has no guaranteed bandwidth?

- A. Inline
- B. Variable
- C. Softboost
- D. Hardboost

E. Full bandwidth

Answer: C

15. An administrator would like to implement a WANScaler appliance as depicted in the attached diagram. Click the 'Exhibit' button to view the diagram.

In which deployment mode will the WANScaler appliance be implemented in this environment?

- A. Inline
- B. WCCP
- C. Point-to-point
- D. Virtual inline with policy-based routing

Answer: D
